

## Technical Strategy Assistance

This is a fee based service based on time and need – you ask a question and receive a response. It includes such services as:

- Preparation of Statement of Limited Advice for client relating to the technical structuring of their fund whether in accumulation or pension mode – what to do and how to do it.
- Calculation and implementation of pensions, multiple pensions, multiple account types and components
- Dealing with the specific issues as a result of a Death or Divorce
- Legislative information
- Technical services - answering questions you or your clients may have which you either don't know or are unsure how to answer. Where to go when you can't find an answer!

Smartsuper can either invoice the client directly or can invoice the accounting firm for the firm to on bill.

**Hourly Fee Basis**

**From \$275.00 per hour inc GST**
